FR A2CU Fielding

# Improved Outer Tactical Vest (IOTV) Basic

**OPEN**

**CLOSED**

# Background IOTV

- IOTVs are OCIE and will be posted to CIF-ISM soldier record.
- Soldiers will sign for individual IOTV.
- **Soldiers will TURN in their OTVs at Home Station/Mob station (RC) before deployment.**
- Groin protector, DAPS, ESBI & ESAPI for the IOTV will be issued by CIF
- RC soldiers will turn in IOTV at De-mob station upon redeployment.

# **Army Combat Shirt (ACS)**

- Soldiers issued the IOTV will receive 4 ACS.
- ACS is to be worn alone, as an undershirt, during extreme hot weather conditions with the IOTV.

# Neck Armor Protective Enhancement (NAPE PAD)

**On 25 Jan 07, at the request of the USA, ASA(ALT) presented an information brief on a potential upgrade to the ACH.**

**The upgrade is an extension of the ACH suspension system and would provide additional fragmentation protection to the back of the Soldier's head.**

**The NAPE Pad is designed to help protect against fragments from ground-level threats, while adding stability to the helmet - all with as little added weight and bulk as possible.**

**Two (2) sizes available are S-M & L-XL**
